**(b) Basis of presentation**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted as permitted by rules and regulations of the U.S. Securities and Exchange Commission (“SEC”). The condensed consolidated balance sheet as of March 31, 2019 was derived from the audited consolidated financial statements of the Company. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the March 31, 2019 audited consolidated financial statements of the Company included in the Company’s annual report on Form 20-F, as amended, for the year ended March 31, 2019.

In the opinion of management, all adjustments (which include normal recurring adjustments) necessary to present a fair statement of the financial position as of September 30, 2019, the results of operations for the three months and six months ended September 30, 2018 and 2019, and cash flows for the six months ended September 30, 2018 and 2019 have been made.

For the convenience of the readers, certain amounts as of and for the three months and six months ended September 30, 2019 included in the accompanying unaudited condensed consolidated financial statements have been translated into U.S. dollars at the rate of US\$1.00 = RMB7.1477, being the spot exchange rate of U.S. dollars in effect on September 30, 2019 for cable transfers in RMB per U.S. dollar as certified for customs purposes by the Federal Reserve, the central bank of the United States of America. No representation is made that the RMB amounts could have been, or could be, converted into U.S. dollars at that rate or at any other rate on September 30, 2019 or at any other date.

## 2 Summary of significant accounting policies

### (a) Principles of consolidation

The accompanying unaudited condensed consolidated financial statements include the financial statements of the Company and its consolidated subsidiaries. For consolidated subsidiaries where the Company's ownership is less than 100%, the portion of equity (net assets) in a subsidiary not attributable, directly or indirectly, to the Company, are presented as non-controlling interests. All significant intercompany balances and transactions have been eliminated on consolidation.

### (b) Use of estimates

The preparation of the consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the estimate of stand-alone selling price for each performance obligation in contracts with customers that contain more than one performance obligation, the estimated number of successful match units over the estimated weighted average remaining useful life of donated cord blood units, the useful lives of property, plant and equipment and intangible assets, the recoverability of property, plant and equipment and intangible assets, the collectibility of accounts receivables, and the realizability of inventories and deferred tax assets.

The Company's PRC subsidiaries are subject to PRC statutory income tax rate of 25% unless otherwise specified.

In February 2018, Beijing Jiachenhong Biological Technologies Co., Ltd. ("Beijing Jiachenhong") received approval from the tax authority on the renewal of its High and New Technology Enterprises ("HNTE") status which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2017 to December 31, 2019.

In March 2017, Guangzhou Municipality Tianhe Nuoya Bio-engineering Co., Ltd. ("Guangzhou Nuoya") received approval from the tax authority on the renewal of its HNTE status which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2016 to December 31, 2018. Guangzhou Nuoya is in the process of reapplication for its HNTE certificate which, upon approval, will entitle it to the preferential income tax rate of 15% from January 1, 2019 to December 31, 2021.

In March 2019, Zhejiang Lukou Biotechnology Co., Ltd. ("Zhejiang Lukou") received approval from the tax authority that it qualified as a HNTE which entitled it to the preferential income tax rate of 15% effective retrospectively from January 1, 2018 to December 31, 2020.

The Enterprise Income Tax Law and its implementation rules also impose a withholding tax at 10%, unless reduced by a tax treaty or agreement, for dividends receivable by non-PRC-resident enterprises from PRC-resident enterprises in respect of earnings accumulated beginning on January 1, 2008. As of September 30, 2019, such undistributed earnings that may be subject to the withholding tax amounted to RMB2,622,150 (US\$366,852) and the related unrecognized deferred tax liability was RMB262,215 (US\$36,685).

The effective income tax rates for the three months and six months ended September 30, 2018 and 2019 differ from the PRC statutory income tax rate of 25% primarily due to the effect of non-PRC entities not being subject to income tax, which is offset by the effect of Beijing Jiachenhong, Guangzhou Nuoya and Zhejiang Lukou's preferential tax treatments.

As of and for the three months and six months ended September 30, 2019, the Group did not have any material unrecognized tax benefits and thus no interest and penalties related to unrecognized tax benefits were recorded. In addition, the Group does not expect that the amount of unrecognized tax benefits will change significantly within the next twelve months.
