“Our solid performance in the second quarter demonstrates steady subscriber demand from the Beijing and Guangdong markets, driven by our extensive hospital networks and targeted sales and marketing platforms,” stated Ms. Zheng, Chairperson and Chief Executive Officer of CCBC. “As we continue to expand and strengthen our subscriber base, we are pleased to see our accumulated subscriber number rise above the 200,000 mark this quarter to attain yet another key corporate milestone. Such achievement speaks to the effectiveness of our marketing campaigns and our management team’s execution capabilities. More importantly, we are encouraged by the positive market response and the robust operating cash flow following our processing fee increase introduced in April 2011. While fiscal year 2012 continues to be a transitional year in light of our new strategy and operational focus, we are pleased to have already added more than 26,000 new subscribers during the first six months of FY2012. The team and I are confident that CCBC will achieve the target for the current fiscal year.”

Second Quarter Fiscal 2012 Financial Results

**REVENUES.** Revenues increased by 19.1% to RMB98.4 million (\$15.4 million) in the second quarter of fiscal 2012 from RMB82.7 million in the prior year period. The strong revenue growth was driven by consistent high consumer demand and an expanding subscriber base, coupled with a higher processing fee.

Revenues generated from processing fees increased to RMB73.7 million (\$11.6 million) from RMB65.6 million representing a 12.3% increase from the prior year period, attributable to our upward price adjustment in processing fee.

Revenues generated from storage fees increased to RMB24.7 million (\$3.9 million) from RMB17.0 million in the prior year period. Benefiting from a recurring revenue structure, storage fee revenue accounted for 25.1% of the Company's total revenues as compared to 20.6% from the prior year period. The accumulated subscriber base rose 36.8% year-over-year to 212,557, driven by consistent strong demand from the Beijing and Guangdong markets.

**GROSS PROFIT.** Gross profit for the second quarter increased by 20.7% to RMB76.7 million (\$12.0 million) from RMB63.5 million in the prior year period. Depreciation and amortization expenses for the second quarter were RMB7.1 million (\$1.1 million). Gross margin steadily edged up to 77.9% from 76.8% in the prior year period.

**OPERATING INCOME.** Operating income for the second quarter increased 29.2% to RMB37.7 million (\$5.9 million) from RMB29.2 million in the prior year period, as a result of economies of scale and successful cost control measures. Operating margin increased to 38.3% from 35.3% in the prior year period.

**Research and Development Expenses.** Research and development expenses were RMB1.9 million (\$0.3 million) compared to RMB1.8 million in the prior year period.

**Sales and Marketing Expenses.** Sales and marketing expenses increased by 33.3% to RMB15.6 million (\$2.4 million) from RMB11.7 million in the prior year period as the Company strengthened its sales force for direct marketing activities as well as other promotional initiatives in the Beijing Municipality and Guangdong Province to further drive demand and deepen market penetration. Sales and marketing expenses accounted for 15.8% of revenues.

**General and Administrative Expenses.** General and administrative expenses were RMB21.4 million (\$3.4 million), compared to RMB20.9 million in the prior year period. General and administrative expenses as a percentage of revenues decreased to 21.8% reflecting effective cost control measures.

**OTHER INCOME AND EXPENSES.** For the second quarter of fiscal 2012, other net expenses amounted to RMB2.7 million (\$0.4 million) as compared to RMB2.5 million net income in the prior year period. This primarily reflects a foreign exchange loss of RMB5.0 million (\$0.8 million) during the quarter ended September 2011.

**NET INCOME ATTRIBUTABLE TO SHAREHOLDERS.** Net income attributable to shareholders for the second quarter of fiscal 2012 was RMB23.2 million (\$3.6 million) compared to RMB22.0 million in the prior year period. ### First Half Fiscal 2012 Financial Results

For first half of fiscal 2012, total revenue increased 20.4% to RMB185.9 million (\$29.1 million) from RMB154.4 million for the prior year period. The increase was largely attributable to the increase of the Company's processing fee to RMB5,800 starting in April of this year, and expansion of the accumulated subscriber base to 212,557 subscribers. Processing fees and storage fees grew 13.3% and 47.7%, respectively. Gross profit for the first half of fiscal 2012 increased 22.3% to RMB144.3 million (\$22.6 million) from RMB118.0 million in the prior year period. Operating income increased 30.3% to RMB68.5 million (\$10.7 million). Net income attributable to shareholders was RMB63.3 million (\$9.9 million). Basic and diluted earnings per share attributable to ordinary shares were RMB0.85 (\$0.13).

Ms. Zheng commented, "We believe our accomplishments are truly remarkable. Over the last five years, we have grown our accumulated subscriber base from 23,000 to more than 200,000 through development of the Beijing and Guangdong markets. These two markets together cover an addressable market size of 1.2 million newborns per annum. When we commence operation in Zhejiang, we will raise our addressable market size by another 500,000 newborns per annum to a total of 1.7 million newborns per annum. Through compelling growth drivers including the "One-License-per-Region" policy, the Single Child Policy, the fast-growing economy in China and our optimal location within China's most economically affluent markets, we remain confident in our future growth momentum and the competitive strengths that will drive further growth. As a demonstration of our commitment to enhancing shareholder value, we also continue to carry out our share repurchase program. Since April 1, 2011, we have bought back more than \$6 million of shares from the open market. We believe this initiative will increase shareholder value and, more importantly, enable us to reward our long-term shareholders. Going forward, we will continue to actively improve our cost control measures, deepen market penetration in new and developing markets, expand profit margins, enhance marketing and promotional outreach programs, and enlarge our subscriber base, driving strong growth momentum and maximizing returns for our shareholders."
